- (h) The Association shall be responsible for the maintenance, operation and repair of the surface water or stormwater management system. Maintenance of the surface water or stormwater management system(s) shall mean the exercise of practices which allow the systems to provide drainage, water storage, conveyance or other surface water or stormwater management capabilities as permitted by the St. Johns River Water Management District. Any repair or reconstruction of the surface water or stormwater management system shall be as permitted or, if modified, as approved by the St. Johns River Water Management District.

Section 3. Destruction of Facilities. In the event any Common Areas, facilities or personal property of the Association or of the Developer are damaged or destroyed by an Owner or any of his guest, tenants, licensees, agents, employees or members of his Family as a result of negligence or intentional acts, such Owner shall be obligated to authorize the Association to repair the damage. The amount necessary for such repairs shall be the responsibility of such Owner and shall become a Lot Assessment.

Section 4. Transfer of Title. Developer may retain title to the Common Areas, or any portion thereof, until such time as it has completed all improvements thereto. Upon such completion, Developer hereby covenants that it will convey the common Areas to the Association subject to easements, restrictions and governmental permits of record and free and clear of all liens and financial encumbrances other than taxes for the year of conveyance. ARTICLE IV

ASSOCIATION

Section 1. General. The duties and powers of the Association shall be those provided by law as set forth in this Declaration, the Association Articles and Bylaws, together with those duties and powers which may be reasonably implied to effect the purposes of the Association. The Association shall be responsible for the maintenance, operation and repair of the surface water or stormwater management system. Any repair or reconstruction of the surface water or stormwater management system shall be as permitted or, if modified, as approved by the St. Johns River Water Management District. Without limiting the generality of the foregoing, the Association may take such measures and perform such services which in the judgment of the Board of Directors are necessary or desirable to (i) enforce the covenants, conditions, restrictions and limitations set forth in this Declaration, (ii) operate, maintain and administer all Common Areas and the Master Drainage System, (iii) administer and enforce the easements provided for in this Declaration, (iv) make, collect and disburse the assessments created in this Declaration, and (v) adopt, amend, rescind and enforce reasonable rules and regulations governing the use of the Property.

ARTICLE V

COVENANTS FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of Lien and Personal Obligations. All assessments and fines (referred to collectively in this Article as "charges"), together with interest and costs of collection when delinquent, shall be a charge on the land and shall be a continuing lien upon the Lot against which the charges are made, and shall also be the personal obligation of the person or entity who is the Owner of such Lot at the time when the charges were levied, and of each Owner. Every Owner, excluding Developer, of a Lot, by acceptance of a deed therefor, whether or not it shall be expressed in such deed, shall be deemed to covenant and agree to pay to the Association the charges established or described in this Article and in the Association Articles and Bylaws. No diminution or abatement of any charges shall be allowed by reason of any alleged failure of the Association to perform such function required of it, or any alleged negligent or wrongful acts of the Association, or its officers, agents and employees, or the nonuse by the Owner of any or all of the Common Areas, the obligation to pay such charges being a separate and independent covenant by each Owner. Upon the Covenants and Restrictions for Glen Eagle being extended to future developed units, the Annual General Assessment and Special and Emergency Assessments set forth in Sections 2 and 3, respectively, immediately hereafter, shall apply equally to each lot within the Units of Glen Eagle on which these Covenants and Restrictions have been imposed or extended.

Section 2. Annual General Assessment. Each Lot within the Property is subject to an annual General Assessment by the Association for the improvement, maintenance and operation of the Common Areas, maintenance and repair of the surface water or stormwater management systems including but not limited to work within retention areas, drainage structures and drainage easements, and the management and administration of the Association and the furnishing of services as set forth in the Declaration. Such General Assessments must be allocated equally on a per Lot basis. As further described in this Article, the Board of Directors by a majority vote shall set the annual General Assessments at a level sufficient to meet the Associations obligations. The Board of Directors shall have the right, power and authority, during any fiscal year, to increase the annual General Assessment for the purpose of meeting its expenses and operating costs on a current basis. The Board of Directors shall set the date or dates that the General Assessments shall become due, and may provide for collection of General Assessments annually or in monthly, quarterly or semi-annual installments; provided however, that upon a default in the payment of any one or more installments, the entire balance of the yearly Assessment may be accelerated at the option of the Board of Directors and be declared due and payable in full.

Section 3. Special and Emergency Assessments.

(a) In addition to the General Assessments authorized above, the Association may levy in any assessment year a Special Assessment for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of any capital improvement located on, upon, or within the Common Areas and Master Drainage System, including fixtures and personal property related thereto.

(b) The Association may levy an Emergency Assessment at any time by a majority vote of the Board of Directors, for the purpose of defraying, in whole or in part, the cost of any unusual or emergency matters that affect the Common Areas or the Master Drainage System, and the Emergency Assessment shall be due and payable at the time and in the manner specified by the Board of Directors.

Section 4. Lot Assessments. The Association may levy in any assessment year a Lot Assessment against a particular Lot for the purpose of defraying, in whole in a part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the specific Lot, or any other maintenance or special services provided to such Lot or its Owner, the cost of which is not included in the General Assessment.

Section 5. Commencement of General Assessments. The General Assessments provided for herein shall commence as to each Lot on the first day following the conveyance by Developer.

Section 6. Effect of Nonpayment and Remedies of the Association

(a) Any Charges not paid within fifteen (15) days after the due date shall be subject to a late fee as determined from time-to-time by the Board of Directors and shall bear interest at a rate of eighteen percent (18%) per annum until paid.

(b) All Charges against any Lot pursuant to this Declaration, together with such late fee, interest thereon, and cost of collection thereof (including reasonable attorneys' fees, whether it is filed or not), shall become a lien on such Lot from and after the date of recording a claim of lien in the public records of Duval County, Florida. The Association may bring an action at law against the Owner personally obligated to pay the same, foreclose the lien against the Lot, or both. Costs and reasonable attorneys' fees incurred in any such action shall be awarded to the prevailing party. The lien provided for in this Section shall be in favor of the Association. The Association shall have the power to bid for an interest in any Lot foreclosed at such foreclosure sale and to acquire and hold, lease, mortgage and convey the same.

(c) The lien of the Charges provided for herein shall be inferior and subordinate to the lien of any first mortgage placed upon any Lot so long as such mortgage lien is recorded prior to any claim of lien filed by the Association. The sale or transfer of Lot pursuant to foreclosure, by such mortgage, or any proceeding in lieu of foreclosure, shall extinguish the lien of such Charges as to payments which became due prior to such sale or transfer; however, any party taking title to a Lot pursuant to mortgage foreclosure, or any proceeding in lieu thereof, shall be liable for any Charges which become due after such acquisition. Any Charges which are waived by virtue of a party taking title to a Lot pursuant to mortgage foreclosure or proceeding in lieu thereof shall be distributed equally between all Class A Members as an Association expense.

Section 7. Certificate. The Treasurer of the Association upon written demand of any Owner liable for charges, shall furnish to such Owner a certificate in writing signed by such Treasurer, setting forth whether such charges have been made.

Section 8. Budget.

(a) The fiscal year of the Association shall consist of a twelve-month period commencing on January 1 of each year and terminating on December 31 of that year.

(b) Glen Eagle Homeowners Association, Inc., shall determine the budget for the fiscal year in which a Lot is first assessed its fractional share of the Annual General Assessment.

(c) Pursuant to the Association Articles and Bylaws, the Board of Directors shall adopt a budget for each succeeding year containing an estimate of the total amount which they consider necessary to pay the cost of all expenses to be incurred by the Association to carry out its responsibilities and obligations including, without limitation, the cost of wages, materials, insurance premiums, services, supplies and other expenses needed to render the services specified hereunder. Such budget shall also include such reasonable amounts as the Board of Directors consider necessary to provide working capital and to provide for general operating reserve and reserves for contingencies and replacements. The Board of Directors shall send each of its Members a copy of the budget, in a reasonably itemized form which sets forth the amount of the Assessments payable by each of its Members. Each budget shall constitute the basis for determining each Owner's General Assessment as provided herein.

(d) The failure or delay of the Board of Directors to prepare or adopt the annual budget or adjusted budget for any fiscal year shall not constitute a waiver of release in any manner of any Owner's obligation to pay any assessment as herein provided, whenever the same shall be determined. In the absence of an annual budget or adjusted budget, each Owner shall continue to pay the Assessment at the then existing rate established for the previous fiscal period in the manner such payment was previously due until notified otherwise.

Section 9. Exempt Property. The following property subject to this Declaration shall be exempt from all assessments and liens created herein:

(a) All properties dedicated to and accepted by a governmental body, agency or authority;

(b) All Common Areas;

(c) All properties owned by any charitable or nonprofit organization exempt from taxation under the laws of the State of Florida, except any such property occupied as a residence; and

(d) All properties owned by the Developer. The Developer may assign this exemption right to any entity which acquires two or more Lots for development purposes. Such an assignment shall have no effect on the Developer's exemption hereunder.

Section 10. Ad Valorem Taxes. In the event the Common Areas owned by the Association are taxed separately from the Lots deeded to Owners, the Association shall include such taxes as a part of the budget. In the event the Common Areas owned by the Association are taxed as a component of the value of the Lot owned by each Owner, it shall be the obligation of each Owner to timely pay such taxes.

ARTICLE VI

ARCHITECTURAL CONTROL

Section 1. ARB. The Developer shall establish the Architectural Review Board (the "ARB"), which shall consist of at least five (5) members who may or may not be members of the Board of Directors, provided that prior to the termination of the Developer's right to appoint and remove officers and directors of the Association, Developer reserves the right to appoint a majority of members of the ARB, which appointees do not have to be Owners. Developer or its assigns will retain control of the ARB as long as it owns one or more lots in the development. Each ARB member shall be appointed for a one (1) year term commencing with the fiscal year of the Association and may be removed, with or without cause, by the Developer at any time by written notice, with successors appointed to fill such vacancy for the remainder of the term of the former member, provided that only Developer shall have the right to remove ARB members which Developer has appointed. The ARB shall meet at least quarterly or on an as needed basis as may be designated by the Chairman of the ARB. Three (3) members shall constitute a quorum for the transaction of business, and the affirmative vote of the majority of those present in person or by proxy shall constitute the action of the ARB on any matter before it. Section 2. Architectural Approval.

(a) No construction, modification, alteration or other improvement of any nature whatsoever, except for interior alterations not affecting the external structure or appearance of any House, shall be undertaken on any Lot unless and until a plan of such construction or alteration shall have been approved in writing by the ARB. This Article shall not apply to any portion of the Property while it is being utilized by a governmental entity or being developed by the Developer.

(b) The plans to be submitted to the ARB for approval shall include (i) two copies of the construction plans and specifications, including all proposed landscaping, (ii) an elevation or rendering of all improvements, (iii) such other items as the ARB may deem appropriate. One copy of such plans, specifications and related data so submitted shall be retained in the records of the ARB, and the other copy shall be returned to the Owner marked "Approved" or "Disapproved".

(c) Approval shall be granted or denied by the ARB based upon compliance with the provisions of the Declaration, the quality of workmanship and materials, harmony of external design with surrounding structures, the ARB's design and construction standards in effect, if any, from time-to-time, the effect of the improvements on the appearance of surrounding areas, and all other factors, including purely aesthetic considerations which, in the sole opinion of the ARB, will affect the desirability or suitability of the construction. The ARB shall have the sole discretion to determine whether plans and specifications submitted for approval are acceptable.

(d) Approval or disapproval of applications shall be given to the applicant in writing by the ARB in accordance with its forthcoming within thirty (30) days after complete submittal has been made to the ARB, unless an extension is agreed to by the applicant, the application shall be deemed approved and the construction of the improvements applied for may be commenced, provided that all such construction is in accordance with the submitted plans, and provided

further that such plans conform in all respects to the other terms and provisions of this Declaration and the ARB's design and construction standards, if any.

(e) After approval by the ARB, the proposed improvements must be substantially commenced within six (6) months excepting approvals set forth in Article VI, Section 2 (f), or approval must once again be obtained from the ARB as provided herein. Once commenced, the construction must proceed diligently. The exterior of any House and the accompanying landscaping shall be completed within nine (9) months from commencement unless the ARB allows an extension of time.

(f) The Developer may approve plans for future building by the builders prior to the Developer turning the architectural control over to the Homeowners Association. The "ARB" and the Homeowners Association will be bound to honor the plan approvals given by the Developer.

(g) The ARB shall establish a fee sufficient from time-to-time to cover the expense of reviewing plans and related data and to compensate any consulting architects, landscape architects, urban designers, inspectors or attorneys retained in accordance with the terms hereof.

Section 3. No Representation. No approval of plans and specifications and no publication of architectural standards, if any, shall be construed as representing or implying that such plans, specifications or standards will, if followed, result in properly designed improvements. Such approvals and standards shall in no event be construed as representing or guaranteeing that any House or other improvement built in accordance therewith will be built in accordance with applicable building codes or other governmental requirements or in a good and workmanlike manner. Neither Developer, the Association nor the ARB shall be responsible or liable for any defects in any plans or specifications submitted, revised or approved pursuant to the terms of this Article, nor any defects in construction undertaken pursuant to such plans and specifications.

Section 4. Home Exterior. Brick homes must have brick on the front, side and rear exterior wall surfaces. Lap siding is permissible on rear porch wall surfaces. Brick homes on lake lots must have brick on all exterior wall surfaces. Stucco homes must have stucco on all exterior wall surfaces.

(d) The connection fees and charges for water and sewer services shall be as established by the Utility and as regulated by appropriate governmental authorities.

Section 11. Other Structures. Subject to the provisions of Section 26, no detached structure either of a temporary or permanent character or nature shall be placed upon any Lot at any time. Other structures shall include, without limitation, storage sheds, tool sheds, play houses, pet houses, workshops, satellite dishes, hot houses, hot tubs, carports, and above ground pools. Permissible temporary structures located or erected under the provisions of Section 26 shall not at any time be used as a residence or be permitted to remain on the Lot after the time specified for removal under Section 26.

Section 12. Fences. No fence of any kind shall be installed without the prior written approval of the ARB. No fence or wall shall exceed six (6) feet in height and no chain link, wire or stockade fence shall be allowed on any Lot. The fence shall be constructed in shadowbox style using 1/2 inch by 6 inch cypress lumber. No fence or wall shall be built beyond the imaginary line extending from the rear of the House to the side lot lines. For corner Lots, no fence or wall shall extend beyond the rear corner of the House. On lake lots (as hereinafter defined) no fence shall be placed beyond the top of bank. Fences on lake lots shall be no higher than four (4) feet and shall be constructed of black aluminum in the wrought iron style only.

Section 13. Landscaping. The minimum landscaping requirement will be the installation of 25 shrubs planted across the front of the house and sodding of the entire yard with St. Augustine Floratam. Lots fronting lakes must sod to the actual water line as it may exist from time to time. Landscaping on lots fronting lakes cannot be placed or planted so as to obstruct the peripheral view (45 degrees from the rear corner of a contiguous house) of the lake.

Section 14. No Improvements Prior to Construction of Residence. No drives, walks, fences, walls or other improvements, if same be permitted hereby, shall be erected on any Lot prior to the erection of construction of a House thereon, provided that any such improvements may be erected and constructed on any Lot simultaneously and in conjunction with erection of the House.

Section 15. Livestock and Poultry. No animals, livestock or poultry shall be bred, kept, raised or maintained on any Lot except that dogs, cats or other household pets may be kept, provided that they are not kept, bred, or maintained for any commercial purposes and to not exceed Three (3) in the aggregate.

Section 16. Resubdividing of Lots. No Lot shall be subdivided or sold or leased in parcels except as provided in

this paragraph. The Developer may subdivide or replat or may combine fractional parts of any Lots to create a new building plot, in any way it sees fit to do so provided that any such replatted or resubdivided Lot or Lots or fractional part or parts thereof shall have an area of not less than Twelve Thousand (12,000) square feet and a width at the front building restriction (setback) line of not less than One Hundred (100) feet. The several covenants, restrictions and reservations herein set forth shall apply to the Lots subdivided or replatted, in the same manner as if such Lots were original platted Lots.

Section 17. Release of Violations. Where an improvement has been erected or the construction thereof substantially advanced and the same is located on any Lot in such manner as to constitute a violation or violations of the covenants and restrictions herein contained, the Developer shall have the right at any time to release such Lot or portions thereof, from any part of such covenants and restrictions as are violated, provided, however, that said Developer shall not release a violation except one it determines to be a minor violation.

Section 18. Prohibited Structures and Activities. No radio, television aerial or antenna or satellite dish nor any other exterior electronic equipment or device of any kind shall be installed or maintained on the exterior of any structure located on a Lot nor be installed or maintained on the grounds.

No exterior clothes drying shall be permitted. No automobile, trailer, tent to be used or which can be used wholly or partly, permanently or temporarily, for residential purposes shall be allowed on any Lot.

Section 19. Lake Lots. The following Lots shall be deemed "lake lots": Lots 14, 15, 16, 17, 23, 24, 25, 26, 27, 28, 73, 74, 75, 76, 77, 126 and 127. Lake lots shall be subject to the following covenants and restrictions:

(a) The Owners of the lake lots shall have the responsibility of sodding to the actual water line, as it may exist from time-to-time. The lake lots shall be maintained by said Owners in a neat, clean and orderly manner, and so as to prevent erosion of the embankment; and, the height, grade and contour of the embankment shall not be changed without prior written approval of the Developer and/or any governmental agency which may have jurisdiction thereof. The owners of the lakes shall be responsible for maintenance five feet into the lakes. (b) The City of Jacksonville, is hereby granted perpetual drainage easements through those lakes, lagoons, marshes and other wetlands situated in whole or in part on the Property that are a part of the Master Drainage Plan. Each lake lot is subject to an easement to the City from the top of the lake embankment to the rear lot lines (including any submerged portions of the Lot) for the installation, use, maintenance, repair and replacement of the Master Drainage System. The City and the Association shall have perpetual easements across each lake lot for ingress and egress to such lake for the purposes of exercising any right or performing any obligation provided in this Declaration, on the plat of the Property, or by law.

Section 20. Wetlands. The following lots shall be deemed "wetland lots": Lots 14, 15, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 126, 127, 128, 129, 130, 131, 133 and 134. Any proposed activity within the jurisdictional areas of these lots shall require permits from all appropriate regulatory agencies.

(a) **General.** Only the Developer shall have the right to pump or otherwise remove any water from any lake, stream, pond, lagoon, marsh or other wetlands situated in whole or in part upon the Property for the purpose of irrigation or other use notwithstanding that all or a portion of such wetlands may be located within a Lot. The Association shall have the sole and absolute right to control the growth and eradication of plants, animals, fish and fungi in any such lakes. The height, grade and contour of any lake embankment shall not be changed without the prior written consent of the Association. No decks, docks, moorings, pilings, bulkheads or other structures shall be constructed on such embankments, unless and until same shall have been approved by Developer, which approval the Developer may withhold in its sole discretion.

(b) Those lots in which the rear lot line is contiguous to a wetland or within a wetland must retain a 25 foot natural unobstructed buffer, along the portion of the rear lot line that intersects with the jurisdictional wetland line as determined by the plat of Glen Eagle. In all cases, this buffer zone shall be located on the upland side of the jurisdictional line.

(c) **Vegetative Natural Buffer.** There shall be set aside a permanent vegetative buffer ("Buffer") 25 feet wide, over that portion of the property shown on the plat as a natural vegetative buffer. This buffer extends across Lots 14, 15, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 and 28. The Buffer is part of the surface water management system permitted by the St. Johns River Water Management District. The purpose of this Buffer is to detain and treat stormwater prior to drainage offsite; therefore, the area must be maintained with a dense vegetative cover. Filling and placement of impervious surface (other than fence posts) are prohibited within the Buffer.

(d) **Recreational Use.** Recreational use in or on the lakes, ponds, streams, lagoons, marshes, or other wetlands will be in accordance with the Association Rules and Regulations; and will be restricted to use by the owners of the lots which are contiguous to the lakes, ponds, streams, lagoons, marshes or other wetlands. Only manually powered boats, sailboats fourteen feet (14') or less, and boats fourteen feet (14') or less powered by electric trolling motors may be used on any of the lakes, ponds, streams, lagoons, marshes, or other wetlands within the Property.

(e) **Governmental Permits.** No clearing or construction of improvements and no dredging or filling activities are permitted within the wetland limits as shown on the plans entitled Glen Eagle prepared by Connelly & Wicker, Inc. dated 12/3/99, Project Number 9901-32, and further as delineated on the recorded plat, that the lot owner shall apply to the District for a permit modification for such work. The foregoing provisions may not be amended without the approval of the Department of Environmental Regulation, U.S. Army Corps of Engineers and the St. Johns River Water Management District. The St. Johns River Water Management District shall have the right to enforce, by a proceeding at law or in equity, the provisions contained in this Declaration which relate to the maintenance, operation and repair of the surface water or stormwater management system.

Section 21. Casualty Damage. In the event of damage or destruction by fire or other casualty to the improvements on any Lot, unless the improvements are completely destroyed, the Owner shall repair or rebuild such damaged or destroyed improvements in a good and workmanlike manner, within a reasonable time not to exceed one year and in accordance with the provision of this Declaration. In all cases, all debris must be removed and the Lot restored to an orderly condition as soon as possible, but not to exceed sixty (60) days after such damage or destruction.

Section 22. Trees. No trees may be removed without written approval of the ARB unless located within ten (10) feet of the House, or within ten (10) feet of the approved site for the House.

Section 23. Term. The covenants and restrictions of the Declaration, as amended and added to from time to time shall be the covenants and restrictions running with the title to the land and shall remain in full force and effect until the first date of January, A.D., 2021, and thereafter, these covenants and restrictions shall be automatically extended for successive periods of 25 years each unless within six months prior to the first day of January, A.D., 2021 or within six months preceding the end of any 25 year period as the case may be, a written agreement executed by the then owners of a majority of the Lots shall be placed on record in the Office of the Clerk of the Circuit Court of Duval County, Florida, in which agreement any of the covenants, restrictions, reservations and easements provided for herein may be changed, modified, waived or extinguished in whole or in part, as to all or any part of the property then subject thereto, in the manner and to the extent provided in such agreement. In the event that any such agreement shall be executed and recorded as provided for in this paragraph, these original covenants and restrictions as therein modified, shall continue in force for successive periods of 25 years, unless and until further changed, modified, waived or extinguished in the manner provided in this paragraph. The covenants and restrictions and easements in Article VIII, shall be perpetual, unless released or modified by the governmental agency or agencies in whose favor they run.

Section 24. Enforcement. If any person or entity shall violate or attempt to violate any of these covenants and restrictions, it shall be lawful for the Developer, any Owner, or the Association to (i) institute proceedings at law for the recovery or damages or (ii) maintain a proceeding in equity for the purpose of preventing, or for the enjoining of, all or any such violations or attempted violations. Failure by the Association, Developer or any Owner to enforce any covenant or restriction herein contained shall not at any time be deemed a waiver or estoppel of the right to enforce the same thereafter. Any person or persons, including, without limitation, the Association, Developer or any Owner having rights hereunder who shall bring an action to enforce these Covenants and Restrictions, shall in addition to injunctive relief and damages for the breach or violation of any provision hereunder, be entitled to recover reasonable attorneys' fees and all costs incurred in the investigation preliminary to the institution of proceedings, as well as the cost of institution and prosecution of such proceedings through the entry of judgment and any successful appeal therefrom. The St. Johns River Water Management District shall have the right to enforce, by a proceeding at law or in equity, the provisions contained in the Covenants and Restrictions which relate to the maintenance, operation and repair of the surface water or stormwater management system.

Section 25. Severability. If any covenant or restriction herein contained or any Article, Section, Subsection, clause, phrase or term of this Declaration be declared void, invalid, illegal or unenforceable for any reason by adjudication by any Court or other tribunal having jurisdiction over the parties and/or the subject matter hereof, such judgment shall in no way void the remainder hereof, which shall remain in full force and effect.

Section 26. Temporary Accommodations for Builders. Contractors and subcontractors who are actively engaged in the erection of any improvement on a Lot shall be entitled to locate upon such Lot, trailers and temporary buildings to maintain offices, storage and working facilities used directly in or for the construction of such improvements. However, such trailer or temporary structure shall be removed within thirty (30) days after the completion of such work. Abandonment of any such trailer or structure, or the location of any such trailer or structure upon any Lot beyond the actual time for construction, plus thirty (30) days, or the location thereof unrelated to construction, shall be subject to and shall render the Owner and any lessee or other person having legal possession thereof to appropriate actions herein provided for violation of these covenants and restrictions, including, in addition to all costs and damages otherwise afforded hereunder, the costs for the removal therefrom.

ARTICLE VIII

UTILITY EASEMENTS AND OTHER EASEMENTS

Section 1. General. Developer reserves for itself and for the Association and its designees a perpetual five foot (5') easement for the benefit of the Property upon, across, over, through and under, along and parallel to each front, side and rear Lot lines for ingress, egress, installation, replacement, repair and maintenance of the utility system, for drainage, for police powers and for services supplied by either Developer or the Association. By the virtue of this easement, it shall be expressly permissible for Developer and the Association to install and maintain facilities and equipment on the Property, to excavate for such purposes and to affix and maintain wires, circuits, pipes and conduits on and under the Lots. This easement shall be in addition to, rather than in place of, any other recorded easements on the Property.

Section 2. Cable Television. All platted utility easements shall also be easements for the construction, installation, maintenance, and operation of cable television services, provided, however, no such construction, installation, maintenance, and operation of cable television services shall interfere with the facilities and services of an electric, telephone, gas, or other public utility.

Section 3. Master Drainage System. Developer hereby reserves for itself, the Association and the Owners a perpetual easement over and under all lakes within the Property for drainage of surface and storm water. The Association shall have a perpetual non-exclusive easement over all areas of the surface water or stormwater management system for access to operate, maintain or repair the system. By this easement, the Association shall have the right to enter upon any portion of any lot which is a part of the surface water or stormwater management system, at a reasonable time and in a reasonable manner, to operate, maintain or repair the surface water or stormwater management system as required by the St. Johns River Water Management District permit. Additionally, the Association shall have a perpetual non-exclusive easement for drainage over the entire surface water or stormwater management system. No person shall alter the drainage flow of the surface water or stormwater management system, including buffer areas or swales, without the prior written approval of the St. Johns River Water Management District.

Section 4. Swale Maintenance. The Developer has constructed a Drainage Swale upon each Lot for the purpose of managing and containing the flow of excess surface water, if any, found upon such lot from time to time. Each lot owner, including builders, shall be responsible for the maintenance, operation and repair of the swales on the lot. Maintenance, operation and repair shall mean the exercise of practices, such as mowing and erosion repair, which allow the swales to provide drainage, water storage, conveyance or other stormwater management capabilities as permitted by the St. Johns River Water Management District. Filling, excavation, construction of fences or otherwise obstructing the surface water flow in the swales

is prohibited. No alteration of the Drainage Swale shall be authorized and any damage to any Drainage Swale, whether caused by natural or human-induced phenomena, shall be repaired and the Drainage Swale returned to its former condition as soon as possible by the Owner(s) of the Lot(s) upon which the Drainage Swale is located.

ARTICLE IX

(c) Notwithstanding the foregoing, this Declaration may be amended by an instrument signed by the Owners of two-thirds (2/3) of the Lots, which amendment shall be effective upon the recordation in the public records of Duval County.

(d) Any amendment to the Covenants and Restrictions which will alter any provision relating to the surface water or stormwater management system, beyond maintenance in its original condition, including the water management portions of the common areas, must have the prior approval of the St. Johns River Water Management District.
